

**City of Bremerton**  
**Professional Services Roster**  
Submittal Date, Jan. 27, 2006

The City of Bremerton is inviting statements of qualifications and performance information from firms interested in providing professional services for the remainder of calendar year 2006 in conjunction with City-sponsored projects. Consulting firms with expertise in one or more of the fields listed below are encouraged to respond:

1. Archaeology
2. Architecture
3. Boundary and Topographic Surveying
4. Construction Management/Inspection
5. Control Systems Engineering/Systems Integration
6. Corrosion Engineering
7. Electrical Engineering
8. Environmental Engineering/Site Assessment
9. Environmental Services (Permitting and Compliance)
10. Fish Passage Design
11. Geotechnical Engineering/Engineering Geology
12. Hydrogeology
13. Landscape Architecture
14. Materials Testing
15. Mechanical Engineering
16. Sanitary Sewer Design
17. Site/Civil Engineering
18. Storm Drainage Design
19. Structural Engineering
20. Traffic and Transportation Engineering
21. Water Supply and Distribution Design
22. Water System Planning

The submittal shall include the following information:

1. A cover letter specifying which of the above specific fields your firm desires to perform;
2. Consultant experience relative to the specific field(s) of expertise;
3. References from past and present municipal clients;
4. Resumes of key individuals your firm might propose to assign;
5. Standard Form 330.

Those firms who have statements on file for the 2005 calendar year may respond with a request for their statement of interest to be renewed for the calendar year 2006 along with any pertinent amendments to their statement of qualifications and an updated Standard Form 330.

All statements of qualifications will be kept on file and used to select qualified consultants for each particular project, as the need arises. A single copy of the required information shall be submitted by January 27, 2006 to Brad Ginn, Civil Engineer III, City of Bremerton Public Works and Utilities, 3027 Olympus Drive, Bremerton, WA 98310, (360) 473-5344. Minority and women-owned firms are encouraged to respond.
